

The Greenport Historical Society
Hidden Treasures of the Catskills
Presentation and Book-Signing
Thursday, March 17, 2016 - 7 PM

Greenport Historical Society begins its 2016 season with author Anthony Musso and the subject of his latest book (published 2015) – Hidden Treasures of the Catskills. The evening talk includes a slideshow and will be followed by a book-signing.

The book features 50 sites located throughout six New York counties that are in the Catskills region. While not mainstream tourist destinations, they each boast significant ties to local and national history. Each chapter concludes with a physical address to encourage day-trips.

Anthony Musso is an author, weekly newspaper columnist and public speaker.

Location: Greenport Community Center, *directly across* from Greenport Town Hall, 600 Town Hall Drive, Hudson NY. It's the last building on the left.

Free and all are welcome. Refreshments will be served after the presentation and there will be a chance to buy the book (\$15) and ask questions.
